Test Case ID	Test Scenario	Description	Test Data	Precondition	Test Steps	Expected Result	Actual Result	Status	Browser specification
TC_01	View all lesson plans	Ensure lesson plans are displayed in tabular format	N/A	User is logged in and on the Lesson Plans screen	1. Navigate to Lesson Plans2. Observe the grid view	Lesson plans are listed with Plan Type, Lesson Name, Activity Nos, Age Group, and Language	Lesson plans display with Plan Type, Lesson Name, Activity Nos, Age Group, and Language shown correctly	TESTED - PASS	Mobile App (iOS/Android)
TC_02	Sort by Lesson Name	Verify sorting functionality on Lesson Name column	N/A	Lesson plans available	1. Click on Lesson Name column header2. Check if sorting occurs ascending/descending	Lessons sorted alphabetically based on Lesson Name	Lessons appear alphabetically sorted by Lesson Name	TESTED - PASS	Mobile App (iOS/Android)
TC_03	Search lessons	Search using a keyword in the search bar	"Case History"	Lesson plans available	1. Enter "Case History" in the search bar2. Check results	Only relevant lesson plans are shown	Only relevant lesson plans are displayed	TESTED - PASS	Mobile App (iOS/Android)
TC_04	Add new lesson plan	Test if user can add a new lesson plan	New lesson data	User has permission to add	1. Click on + Add2. Fill form3. Click Save	New lesson appears in the list	New lesson appears in the list immediately	TESTED - PASS	Mobile App (iOS/Android)
TC_05	Pagination functionality	Verify user can navigate through pages	N/A	More than 10 lessons exist	1. Click next (>) or page number2. Observe change	Page changes and relevant data loads	Page changes and loads correct data	TESTED - PASS	Mobile App (iOS/Android)
TC_06	Toggle switch (activation)	Verify lesson activation toggle works	Toggle ON/OFF	Lesson exists in list	1. Click the toggle switch2. Confirm status change	Toggle updates and reflects active/inactive	Toggle updates and reflects active/inactive state instantly	TESTED - PASS	Mobile App (iOS/Android)
TC_07	Verify age group display	Ensure the correct age group appears per lesson	Age Group = 18–24 months	Lesson plan has valid age group	1. Check Age Group column	Age Group is correctly displayed	Age Group displays correctly for each lesson	TESTED - PASS	Mobile App (iOS/Android)
TC_08	Verify plan type values	Validate Plan Type dropdown values (Free, Premium...)	Free, Premium, FMIP, etc.	Plan types predefined	1. Open Plan Type dropdown (if editable)2. Validate options	Only predefined values are visible	Only predefined values are shown	TESTED - PASS	Mobile App (iOS/Android)
TC_09	Bulk select lesson plans	Verify if checkboxes can select multiple rows	N/A	Multiple lessons available	1. Check individual checkboxes2. Verify multiple rows selected	All selected rows are highlighted	Selected rows are highlighted correctly	TESTED - PASS	Mobile App (iOS/Android)
TC_10	Verify plan type values	Validate Plan Type dropdown values (Free, Premium...)	Free, Premium, FMIP, etc.	Plan types predefined	1. Open Plan Type dropdown (if editable) 2. Validate options	Only predefined values are visible	Only predefined values are visible	TESTED - PASS	Mobile App (iOS/Android)
TC_11	Bulk select lesson plans	Verify if checkboxes can select multiple rows	N/A	Multiple lessons available	1. Check individual checkboxes 2. Verify multiple rows selected	All selected rows are highlighted	Selected rows highlight properly	TESTED - PASS	Mobile App (iOS/Android)
TC_12	Column sorting - Age Group	Validate sorting on Age Group column	Age Group (18–24 months)	Lessons with varying age groups	1. Click on Age Group header 2. Validate sorting order	Rows reorder by Age Group	Rows reorder correctly based on Age Group	TESTED - PASS	Mobile App (iOS/Android)
TC_13	Add lesson with missing mandatory fields	Check validation when mandatory fields are empty	Leave "Lesson Name" or "Plan Type" blank	User clicks +Add	1. Click +Add 2. Leave required fields blank 3. Click Save	Error message shown: "Required field"	"Required field" error message appears	TESTED - PASS	Mobile App (iOS/Android)
TC_14	Add lesson with duplicate name	System should not allow duplicate lesson names for same plan type	"Case History", Plan Type: Free	A lesson with same name & plan exists	1. Click +Add 2. Enter same Lesson Name and Plan Type 3. Save	Duplicate entry validation error shown	Duplicate entry error displays properly	TESTED - PASS	Mobile App (iOS/Android)
TC_15	Add lesson with special characters	Validate if special characters are allowed in name	Lesson Name: "Case@123$!"	User is on Add screen	1. Enter special characters in fields 2. Save	Either accepted or show proper error	Field is accepted or shows appropriate error	TESTED - PASS	Mobile App (iOS/Android)
TC_16	Add lesson with max character limit	Check max input length for Lesson Name (e.g., 100 chars)	Very long lesson name	User is on Add screen	1. Enter 100+ characters 2. Save	Should truncate or show error	Text is truncated or error displayed for long input	TESTED - PASS	Mobile App (iOS/Android)
TC_17	Search with special characters	Ensure search handles symbols	Search: %&@*	At least one lesson available	1. Enter special characters in search 2. Observe result	No lessons found / handled gracefully	"No lessons found" appears or page handles empty state gracefully	TESTED - PASS	Mobile App (iOS/Android)
TC_18	Search with empty input	Search should return all results if input is cleared	Blank search input	N/A	1. Clear search input 2. Wait for result	Full list is reloaded	Full lesson list reloads correctly	TESTED - PASS	Mobile App (iOS/Android)
TC_19	Rapid toggle switch clicks	Ensure system handles multiple fast toggles	Click toggle ON/OFF repeatedly	Lesson exists	1. Rapidly click toggle button (5–10 times) 2. Observe behavior	Only final state is applied; no crash	Only final saved state appears; no crash occurs	TESTED - PASS	Mobile App (iOS/Android)
TC_20	Pagination boundary	Navigate to last page with fewer items	N/A	Lessons > 40 pages	1. Go to last page 2. Verify item count	Correct items shown; no blank rows	Correct items display; no blank rows shown	TESTED - PASS	Mobile App (iOS/Android)
TC_21	Language and Age Group dropdown values	Validate dropdown content and edge values	Language = Empty or special lang Age Group: Negative or 0 months	N/A	1. Try to save with invalid age group/language 2. Observe behavior	Proper validation errors	Proper validation errors appear as expected	TESTED - PASS	Mobile App (iOS/Android)
TC_22	Invalid file upload for lesson attachment	Check validation if non-doc file uploaded (if feature exists)	File: .exe, .bat, etc.	File upload enabled	1. Attempt to attach invalid file 2. Save	Error shown: "Invalid file type"	"Invalid file type" error displays correctly	TESTED - PASS	Mobile App (iOS/Android)

TC ID	Title	Description	Test Data	Precondition	Steps	Expected Result	Actual Result	Status	Platform
TC_23	View lesson title & plan type	Ensure that lesson title and plan type (Free, Premium) are displayed correctly	"P 431 Names 6 basic colors", Plan Type: Free	User is logged in and clicks on a lesson	1. Click a lesson plan from the main list	Lesson name and Plan Type badge shown correctly	Lesson name and Plan Type badge show properly	TESTED - PASS	Mobile App (iOS/Android)
TC_24	View lesson description	Check if lesson description is shown under title	"Expressive language..."	Lesson has a description	1. Open lesson plan 2. Check under title	Description is displayed clearly	Description displays cleanly and fully	TESTED - PASS	Mobile App (iOS/Android)
TC_25	View list of activities	Ensure all activities tied to lesson are visible	24 Activities	Lesson has activities	1. Scroll to "Activities" section	All activities are listed with numbers and names	All activities list with correct numbers and names	TESTED - PASS	Mobile App (iOS/Android)
TC_26	Expand/collapse activity	Validate expand/collapse toggle of an activity section	Click icon beside activity	Activities present	1. Click dropdown/caret icon beside activity	Activity details expand/collapse as expected	Activity details expand and collapse smoothly	TESTED - PASS	Mobile App (iOS/Android)
TC_27	View image/media in activity	Verify that image/attachment displays correctly in activity	Attached image	Activity has image	1. Expand activity 2. Check media/image preview	Image displays clearly without distortion	Image displays without distortion	TESTED - PASS	Mobile App (iOS/Android)
TC_28	Validate materials listed	Materials Needed section shows proper list	Toys, bins, posters	Activity contains a materials section	1. Expand an activity 2. Read "Materials Needed"	Materials listed with clarity	Materials list displays clearly	TESTED - PASS	Mobile App (iOS/Android)
TC_29	Validate procedure steps	Procedure steps appear in numbered format	Step 1–5	Activity has procedure	1. Expand an activity 2. Observe steps	All steps are in order and readable	All steps appear in correct order and readable	TESTED - PASS	Mobile App (iOS/Android)
TC_30	Edit activity (pencil icon)	Validate that clicking edit icon navigates to edit mode or modal	N/A	User can delete assesment	1. Click pencil icon 2. Observe action	Navigates to edit screen/modal for that activity	Navigation opens edit screen/modal successfully	TESTED - PASS	Mobile App (iOS/Android)
TC_31	Scroll performance	Ensure smooth scrolling through long descriptions or 20+ activities	24 activities	Lesson has 20+ activities	1. Scroll down the details page	Scroll is smooth and no content overlaps	Scroll is smooth; no overlapping content	TESTED - PASS	Mobile App (iOS/Android)
TC_32	Back navigation	Clicking back arrow returns to Lesson Plan list	N/A	Open any lesson	1. Click back arrow/top left	Redirects user to the main Lesson Plan list	Redirects back to main Lesson Plan list	TESTED - PASS	Mobile App (iOS/Android)
TC_33	Missing activity details	Validate UI when an activity is missing materials or procedure	Empty fields	Activity saved without all info	1. Expand activity with missing info	Section shows blank or "No data provided" text	Section shows blank or "No data provided"	TESTED - PASS	Mobile App (iOS/Android)
TC_34	Broken image fallback	Check behavior when image link is broken	Broken image link	Activity has invalid image URL	1. Expand activity 2. View image section	Placeholder or error icon shown instead	Placeholder or error icon displays properly	TESTED - PASS	Mobile App (iOS/Android)
TC_35	Special characters in description	Ensure UI handles special characters	& < > " ' \	Activity/description includes symbols	1. Open lesson plan with special characters	Special characters render properly	Special characters render correctly	TESTED - PASS	Mobile App (iOS/Android)
TC_36	Long lesson description	Validate UI layout for very long text	Paragraph > 1000 chars	Lesson has long description	1. Open the lesson 2. Observe layout	Description wraps correctly without overflow	Description wraps normally without overflow	TESTED - PASS	Mobile App (iOS/Android)
TC_37	Multilingual text	Verify rendering of lesson/activity in other languages	Hindi, Tamil, etc.	Activity/description includes other language	1. Open such a lesson	Non-English text renders properly	Non-English text appears correctly	TESTED - PASS	Mobile App (iOS/Android)
TC_38	Open Delete Modal	Verify that delete modal opens upon pencil icon click	Assessment ID: 12345	User is on Assessments list	1. Click on the 3-dot menu 2. Select "Delete" 3. Observe modal	Confirmation modal with "No, Cancel" and "Yes, Delete" buttons appears	Delete confirmation modal with both buttons appears	TESTED - PASS	Mobile App (iOS/Android)
TC_39	Click "No, Cancel" CTA	Ensure clicking "No, Cancel" closes the modal without deletion	N/A	Delete modal is open	1. Click "No, Cancel" 2. Observe behavior	Modal closes, no data is deleted	Modal closes; data remains unchanged	TESTED - PASS	Mobile App (iOS/Android)
TC_40	Click outside the modal	Clicking outside the modal (overlay) should close it	N/A	Delete modal is open	1. Click outside the modal area	Modal closes safely, no deletion triggered	Modal closes safely without deleting anything	TESTED - PASS	Mobile App (iOS/Android)
TC_41	Press Escape key	Ensure Escape key dismisses modal	Press "Esc"	Delete modal is open	1. Press Esc key 2. Observe modal	Modal closes, no deletion performed	Modal closes with no deletion triggered	TESTED - PASS	Mobile App (iOS/Android)
TC_42	Click "Yes, Delete" CTA	Confirm deletion is triggered after confirmation	Assessment ID: 12345	Assessment exists	1. Click on delete 2. Click "Yes, Delete"	Assessment is deleted Success message shown List refreshed	Assessment is deleted and success message shown; list refreshes	TESTED - PASS	Mobile App (iOS/Android)
TC_43	Deletion loader feedback	Spinner or feedback is shown while deletion is processing	N/A	Assessment exists	1. Click "Yes, Delete" 2. Observe modal during action	Button shows spinner or disabled state	Button shows spinner or disables during process	TESTED - PASS	Mobile App (iOS/Android)
TC_44	Verify deletion success	Ensure success toast/message is shown post delete	Assessment ID: 12345	User clicks Yes, Delete	1. Confirm deletion 2. Observe toast/message	"Assessment deleted successfully" shown	"Assessment deleted successfully" message displayed	TESTED - PASS	Mobile App (iOS/Android)
TC_45	Attempt to delete already deleted assessment	Handle gracefully if assessment was already removed in backend	Deleted Assessment ID	Assessment deleted by another user	1. Open delete modal 2. Click "Yes, Delete"	Error message like "Assessment not found"	Error displayed: "Assessment not found"	TESTED - PASS	Mobile App (iOS/Android)
TC_46	Open Add Lesson page	Verify that Add Lesson screen loads properly	N/A	User is logged in	1. Click "Add Lesson" from Lesson Plan module	Page opens with all fields visible and empty	Page opens with all fields empty and visible	TESTED - PASS	Mobile App (iOS/Android)
TC_47	Add lesson with valid data	Ensure all required fields can be filled and saved	Valid values for all fields	All dropdowns and fields are populated	1. Fill Lesson Name, Age, Section, etc. 2. Click "Next"	User proceeds to Activities screen	User navigates to Activities screen successfully	TESTED - PASS	Mobile App (iOS/Android)
TC_48	Upload valid image	Validate image upload functionality	.jpg, .png file	Image file available	1. Click "+ Add Img" 2. Select valid file	Image thumbnail is displayed	Image thumbnail is visible	TESTED - PASS	Mobile App (iOS/Android)
TC_49	Upload invalid image format	System should reject unsupported formats	.exe, .zip, etc.	Invalid file exists	1. Click "+ Add Img" 2. Upload .exe file	Error shown: "Unsupported format"	"Unsupported format" error appears	TESTED - PASS	Mobile App (iOS/Android)

TC ID	Title	Description	Test Data	Precondition	Steps	Expected Result	Actual Result	Status	Platform
TC_50	Lesson name validation	Lesson Name is required	Leave blank	-	1. Leave Lesson Name empty 2. Click "Next"	Error shown: "Lesson Name is required"	"Lesson Name is required" error shown	TESTED - PASS	Mobile App (iOS/Android)
TC_51	Select multiple assessors	Test multi-select behavior for Assessor field	Select "Parent", "Physician"	Assessor field has options	1. Select multiple assessors	All selected tags appear, can be removed	All selected tags show and can be removed	TESTED - PASS	Mobile App (iOS/Android)
TC_52	Remove selected assessor	Ensure tags can be removed from Assessor	Remove "Parent"	Assessor selected	1. Click "X" on tag	Assessor removed from field	Assessor removed successfully	TESTED - PASS	Mobile App (iOS/Android)
TC_53	Subscription plan dropdown	Ensure values are populated and selectable	Plan: Free, Premium	Subscription options available	1. Click dropdown 2. Select "Premium"	Selected value appears in field	Selected value shows in field	TESTED - PASS	Mobile App (iOS/Android)
TC_54	Age Group min > max	Validation for incorrect age range	Min: 36, Max: 12	Age group entered	1. Enter incorrect range 2. Click Next	Error: "Max age must be greater than Min age"	Error displayed: "Max age must be greater than Min age"	TESTED - PASS	Mobile App (iOS/Android)
TC_55	Missing required dropdowns	Verify validation on unselected dropdowns	Leave Section or Language empty	-	1. Skip dropdown 2. Click Next	Error message shown	Validation error message displayed	TESTED - PASS	Mobile App (iOS/Android)
TC_56	Long Lesson Name	Enter long name exceeding character limit	256+ characters	Field has limit	1. Paste long name 2. Try saving	Error: "Max character limit exceeded"	"Max character limit exceeded" error shown	TESTED - PASS	Mobile App (iOS/Android)
TC_57	Special characters in Lesson Name	Enter symbols like @#$%^&*	Name: Lesson@123	-	1. Enter name with special chars	System either accepts or shows restriction	System accepts or restricts based on rules	TESTED - PASS	Mobile App (iOS/Android)
TC_58	Enter text in Age fields	Invalid input in Age Group	"Ten", "Five"	Age input fields	1. Enter text in numeric fields	Error shown, input restricted to numbers	Error shown; input restricted to numbers only	TESTED - PASS	Mobile App (iOS/Android)
TC_59	Keyboard navigation	Navigate using Tab/Shift+Tab	N/A	Fields are empty	1. Use Tab key to move across fields	Focus shifts sequentially; dropdowns accessible	Focus moves sequentially; dropdowns accessible	TESTED - PASS	Mobile App (iOS/Android)
TC_60	Mandatory field check before moving to Activities	Don't fill any fields	Leave all blank	-	1. Click "Next" directly	Multiple validation errors shown	Multiple validation errors appear	TESTED - PASS	Mobile App (iOS/Android)
TC_61	Click "Cancel" with unsaved data	Validate that clicking "Cancel" with unsaved data prompts confirmation	Partially filled form	User is on Add Lesson page	1. Fill Lesson Name 2. Click Cancel	Confirmation popup: "Are you sure you want to discard changes?"	Discard-changes confirmation popup appears	TESTED - PASS	Mobile App (iOS/Android)
TC_62	Confirm "Cancel" action	Verify redirection when user confirms cancel	N/A	Cancel popup shown	1. Click Cancel 2. Click Yes/Leave on popup	Redirected to Lesson Plan listing page	Redirected to Lesson Plan listing page	TESTED - PASS	Mobile App (iOS/Android)
TC_63	Cancel action dismissed	Verify cancel action is aborted if user clicks No/Stay	N/A	Cancel popup shown	1. Click Cancel 2. Click No/Stay	User remains on the current page	User stays on the current page	TESTED - PASS	Mobile App (iOS/Android)
TC_64	Click "Save" with valid data	Save lesson as draft without moving to next step	Valid input for all fields	Required fields filled	1. Fill details 2. Click Save	Lesson saved as draft Toast: "Lesson saved successfully"	Lesson saved as draft; "Lesson saved successfully" toast shown	TESTED - PASS	Mobile App (iOS/Android)
TC_65	Click "Save" with missing mandatory fields	Save should not occur if form is incomplete	Leave required fields blank	Form partially filled	1. Click Save without Lesson Name	Error: "Lesson Name is required"	"Lesson Name is required" error displayed	TESTED - PASS	Mobile App (iOS/Android)
TC_66	Click "Next" with valid data	Proceed to Activities step	Valid data for all required fields	All fields filled	1. Click Next	Navigates to Step 2: Activities	Navigates to Step 2: Activities	TESTED - PASS	Mobile App (iOS/Android)
TC_67	Click "Next" with incomplete form	Validation error blocks navigation	Leave one dropdown unselected	Form partially filled	1. Click Next	Error below missing field, remain on same page	Error shows below missing field; user stays on same page	TESTED - PASS	Mobile App (iOS/Android)
TC_68	Add valid activity	User enters valid heading, description, and media	Text + image	On Activities screen	1. Enter heading 2. Add description 3. Upload media 4. Click Save and Next	Activity saved and navigates to Preview	Activity saved and user navigated to Preview	TESTED - PASS	Mobile App (iOS/Android)
TC_69	Save without media	Media upload is optional	Heading + description	On Activities screen	1. Enter heading + description 2. Don't upload media 3. Click Save and Next	Activity saved and navigates to Preview	Activity saved and user navigated to Preview	TESTED - PASS	Mobile App (iOS/Android)
TC_70	Save with only media	Save with media but without heading/description	Only image uploaded	On Activities screen	1. Upload image 2. Leave heading/description blank 3. Click Save	Validation errors shown for missing heading	Validation error shown for missing heading	TESTED - PASS	Mobile App (iOS/Android)
TC_71	Empty submission	Click save with no input	None	On Activities screen	1. Don't fill anything 2. Click Save and Next	Validation errors for heading and description	Validation errors for heading and description shown	TESTED - PASS	Mobile App (iOS/Android)
TC_72	Upload valid media file	Upload supported format (e.g., JPG, PNG)	image.png	On Activities screen	Click Add → select image	Image thumbnail displayed under media	Image thumbnail displayed in media section	TESTED - PASS	Mobile App (iOS/Android)
TC_73	Upload unsupported media	Upload unsupported format	file.exe	On Activities screen	Try uploading .exe file	Error shown: "Unsupported file format"	"Unsupported file format" error shown	TESTED - PASS	Mobile App (iOS/Android)
TC_74	Upload large media file	Upload file above size limit	>5MB image	On Activities screen	Upload large file	Error shown: "File too large"	"File too large" error displayed	TESTED - PASS	Mobile App (iOS/Android)
TC_75	Add multiple activities	Add a second activity block	Valid input	Activity 1 filled	Click +Add Activity → Fill new block	Second activity appears with new fields	Second activity appears with new fields	TESTED - PASS	Mobile App (iOS/Android)
TC_76	Delete an activity	Test activity removal	Any input	Activity added	Click Trash icon on activity	Activity block is removed	Activity block removed successfully	TESTED - PASS	Mobile App (iOS/Android)

TC ID	Title	Description	Input/Data	Precondition	Steps	Expected Result	Actual Result	Status	Platform
TC_77	Cancel with unsaved changes	Test Cancel confirmation	Any input	User enters heading	Click Cancel	Confirmation modal: "Discard changes?"	Discard changes confirmation modal appears	TESTED - PASS	Mobile App (iOS/Android)
TC_78	Cancel with no changes	Click cancel with empty form	No input	On screen	Click Cancel	Navigate back to previous screen	Navigated back to previous screen	TESTED - PASS	Mobile App (iOS/Android)
TC_79	Save and Next with multiple activities	Save two filled activities	Two sets of data	Multiple activities added	Fill all → Click Save and Next	Proceeds to Preview step	Proceeds to Preview step correctly	TESTED - PASS	Mobile App (iOS/Android)
TC_80	Format description text	Use rich text formatting	Bold, bullet list	On Activities screen	Use editor toolbar	Formatting is applied in editor	Editor formatting applied	TESTED - PASS	Mobile App (iOS/Android)
TC_81	Reorder media	Drag to change order	Two images	Multiple images added	Drag images to rearrange	Media order updates visually	Media order updates visually	TESTED - PASS	Mobile App (iOS/Android)
TC_82	Media preview	Preview uploaded media	Image	Upload image	Thumbnail of image shown	The user should be able to view preview the media	The user is able to view media preview	TESTED - PASS	Mobile App (iOS/Android)
TC_83	Character limit heading	Enter max characters in heading	Long text	On Activities screen	Enter 250+ chars in heading	Limit enforced or error shown	Limit applied or error displayed	TESTED - PASS	Mobile App (iOS/Android)
TC_84	Pasting formatted text	Paste from Word/Docs	Rich text	On Activities screen	Paste content in editor	Formatting preserved or cleaned	Formatting preserved or cleaned appropriately	TESTED - PASS	Mobile App (iOS/Android)
TC_85	Add single valid activity	Enter heading, description, upload media	Heading: "Color Match", Description: "Match colors with shapes", JPG image	Activities screen visible	Fill heading + description + media → Click Save and Next	Activity saved, move to Preview	Activity saved and moved to Preview	TESTED - PASS	Mobile App (iOS/Android)
TC_86	Add multiple activities	Add two sets of heading + desc + media	Two activities with valid data	Activities screen open	Fill Activity 1 → Click "+Add Activity" → Fill Activity 2 → Save	Both activities saved, move to Preview	Both activities saved; moved to Preview	TESTED - PASS	Mobile App (iOS/Android)
TC_87	Add activity without media	Upload optional	Heading + description only	Activities screen open	Fill heading + description only → Save	Activity saved without error	Activity saved without error	TESTED - PASS	Mobile App (iOS/Android)
TC_88	Add activity with missing heading	Heading is required	Description + media only	Activities screen open	Fill desc + media → Leave heading blank → Save	Error: "Heading is required"	"Heading is required" error displayed	TESTED - PASS	Mobile App (iOS/Android)
TC_89	Add activity with missing description	Description is required	Heading + media only	Activities screen open	Fill heading + media → Leave description blank → Save	Error: "Description is required"	"Description is required" error displayed	TESTED - PASS	Mobile App (iOS/Android)
TC_90	Add activity with only media	Heading & description missing	Only upload image	Activities screen open	Upload image → Click Save	Validation errors shown	Validation errors appear for missing fields	TESTED - PASS	Mobile App (iOS/Android)
TC_91	Try saving empty activity block	No input given	—	Activities screen open	Leave fields empty → Save	Error: Required fields missing	"Required fields missing" error displayed	TESTED - PASS	Mobile App (iOS/Android)
TC_92	Cancel without changes	Click cancel on empty form	—	Activities screen open	Click Cancel	Navigates back without prompt	Navigated back without prompt	TESTED - PASS	Mobile App (iOS/Android)
TC_93	Cancel with unsaved changes	Data is present	Heading filled	Activities screen open	Enter heading → Click Cancel	Confirmation popup: "Discard changes?"	Discard-changes confirmation popup displayed	TESTED - PASS	Mobile App (iOS/Android)
TC_94	Upload valid image file	Supported format	image.jpg	Activities screen open	Upload image	Image is displayed with thumbnail	Image thumbnail displayed	TESTED - PASS	Mobile App (iOS/Android)
TC_95	Upload unsupported file	Invalid format	file.exe or file.zip	Activities screen open	Upload invalid file	Error: "Unsupported file type"	"Unsupported file type" error shown	TESTED - PASS	Mobile App (iOS/Android)
TC_96	Upload oversized file	>5MB file	6MB image	Activities screen open	Upload large image	Error: "File size exceeds limit"	"File size exceeds limit" error shown	TESTED - PASS	Mobile App (iOS/Android)
TC_97	Delete an activity block	Remove added block	Activity 2 added	Activity 2 visible	Click delete icon on Activity 2	Activity 2 block is removed	Activity 2 block removed successfully	TESTED - PASS	Mobile App (iOS/Android)
TC_98	Rich text formatting in description	Apply bold, list, underline	Text + toolbar	Activities screen open	Use toolbar to format text	Text formatting applied as expected	Text formatting applied properly	TESTED - PASS	Mobile App (iOS/Android)
TC_99	Save and Next with formatted text	Apply formatting → Save	Bold/italic/bullets	Activity filled with formatted text	Click Save and Next	Formatting saved, next screen loads	Formatting saved; next screen loads	TESTED - PASS	Mobile App (iOS/Android)
TC_100	Media thumbnail preview	Ensure thumbnail loads	Upload image	Activities screen open	Upload media file	Thumbnail shown immediately	Thumbnail shows immediately	TESTED - PASS	Mobile App (iOS/Android)
TC_101	Add more than 5 activities	Check scalability	Add 6+ activities	Keep clicking "+Add Activity"	Add 6 activity blocks	UI should remain responsive	UI remains responsive	TESTED - PASS	Mobile App (iOS/Android)
TC_102	Activity order maintained	Fill sequentially	Multiple headings	Add 3 activities in order	Save and preview	Preview shows them in entered order	Preview displays activities in entered order	TESTED - PASS	Mobile App (iOS/Android)
TC_103	Add activity then remove → Save	Save after deleting an activity	Add 2 → delete 1	Fill Activity 1 & 2 → Delete Activity 2 → Save	Only Activity 1 is saved	The app should save the modifications	Modifications saved properly	TESTED - PASS	Mobile App (iOS/Android)
TC_104	Save with special characters	Symbols in heading/desc	@#₹$%^&*()	Fill heading/desc with symbols	Click Save and Next	No crash, saved successfully or error if invalid	No crash; saved successfully or error displayed if invalid	TESTED - PASS	Mobile App (iOS/Android)
TC_105	Auto-scroll on Add Activity	Check if screen scrolls to new block	Click +Add Activity	Activities screen open	Add new activity → Observe scroll	Focus moves to new block	Focus moves to new activity block	TESTED - PASS	Mobile App (iOS/Android)

TC_106	Character limit validation	Enter >250 chars in heading	Long text	Enter max length + 1 char	Error or truncation occurs	The app should show an error message for longer header.	Error shown for overly long header	*TESTED - PASS*	Mobile App (iOS/Android)
TC_107	Reopen activity screen with saved data	Navigate away and return	Valid activity saved earlier	Open saved lesson	Navigate to Activities tab	Previously saved data	Previously saved data is retained	*TESTED - PASS*	Mobile App (iOS/Android)
TC_108	View preview of added activities	Ensure all previously added activities are shown correctly	Activity with heading, description, media	Activities saved in previous step	Navigate to Preview screen	All activities shown in correct order with heading, description, and media	All activities show in correct order with heading, description, and media	*TESTED - PASS*	Mobile App (iOS/Android)
TC_109	Validate media is visible	Preview images/videos	Uploaded media file (JPG/MP4)	Media uploaded with activity	Check preview screen	Media appears clearly, not broken	Media is displayed clearly without broken content	*TESTED - PASS*	Mobile App (iOS/Android)
TC_110	Verify text formatting	Check paragraph/list formatting	Text with bullet/numbered list	Description entered with rich text	Observe formatting	Formatting is retained correctly	Formatting retained correctly	*TESTED - PASS*	Mobile App (iOS/Android)
TC_111	Click "Cancel"	Exit without saving preview	—	Preview screen open	Click Cancel	Navigates back to previous screen without saving	Navigated back to previous screen without saving	*TESTED - PASS*	Mobile App (iOS/Android)
TC_112	Click "Save"	Save the complete lesson	Valid content	Preview screen open	Click Save	Lesson saved successfully, success message shown	Lesson saved successfully and success message shown	*TESTED - PASS*	Mobile App (iOS/Android)
TC_113	Preview duplicate activity names	Same heading used in multiple activities	"Names 6 basic colors" twice	2 activities with same name	Observe preview screen	Both activities shown; app doesn't crash or duplicate content	Both activities appear; no crash or duplication	*TESTED - PASS*	Mobile App (iOS/Android)
TC_114	Preview with large number of activities	Check scroll and load	20+ activities	Created during setup	Preview screen open	All activities load; scrolling is smooth	All activities load; smooth scrolling	*TESTED - PASS*	Mobile App (iOS/Android)
TC_115	Cancel after changes in previous step	Exit without saving edits	Changed activity data	Preview after editing content	Click Cancel	Confirmation shown: "Changes will be discarded"	"Changes will be discarded" confirmation shown	*TESTED - PASS*	Mobile App (iOS/Android)
TC_116	Save button disabled without data	Try saving without content	No activity	Preview with blank state	Click Save	Save is disabled or shows validation error	Save disabled or validation error shown	*TESTED - PASS*	Mobile App (iOS/Android)
TC_117	Save with invalid media	Broken media link/file removed	Missing file	Simulate media file removed	Load preview screen	Placeholder shown or media error message	Placeholder or media error message shown	*TESTED - PASS*	Mobile App (iOS/Android)
TC_118	Confirm order of previewed items	Activities should display as added	Multiple activities in set order	Created earlier	Observe preview	Displayed in same order as added	Media displayed in same order as added	*TESTED - PASS*	Mobile App (iOS/Android)
