

# Com DEALL

## 1. Introduction :

The Com DEALL digital platform is designed to streamline early intervention program management by integrating all essential functions into a single system. It supports therapists, administrators, and parents through a structured workflow that ensures efficiency, transparency, and improved child outcomes.

Key features include:

- **Lesson Plans & Assessments:** Create, edit, or bulk upload lesson plans and assessments with preview options, along with mapped reports and evaluations.
- **Child & Therapist Management:** Add and manage child/parent profiles, assign therapists, track workload, and maintain detailed progress reports.
- **Scheduling & Appointments:** Flexible calendar picker with time slots, saved schedules, appointment creation, approval, rescheduling, refunds, and archival.
- **Subscriptions & Transactions:** Manage subscription plans, view user details, track transactions, and access related payment artifacts.
- **Reports & Content Management:** Generate detailed activity-based reports, create and manage content, FAQs, and teaching resources.
- **Support & Settings:** Handle support tickets with resolution flows, and configure platform fees, GST, revenue share, time slots, and

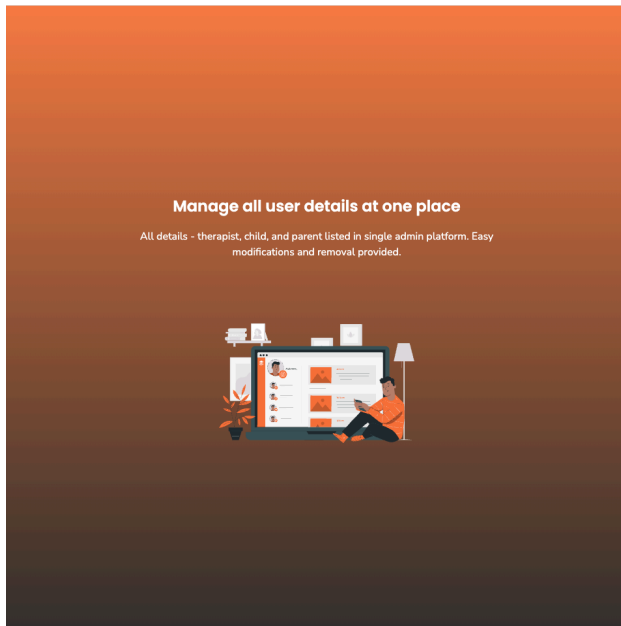

dropdown options.

- **Dashboard & Profiles:** A central dashboard gives an overview of revenue, reports, support, and activity, while admin profiles can be viewed and updated easily.

This comprehensive system empowers Com DEALL centers to deliver therapy programs effectively, ensuring smooth coordination between therapists, children, and parents, while also maintaining operational and financial oversight.

## 11. Content Management :

- Content Management is static data, where you can manage FAQs, Announcements, Privacy Policy, and Terms & Conditions. Using the *Add* button, you can add new content

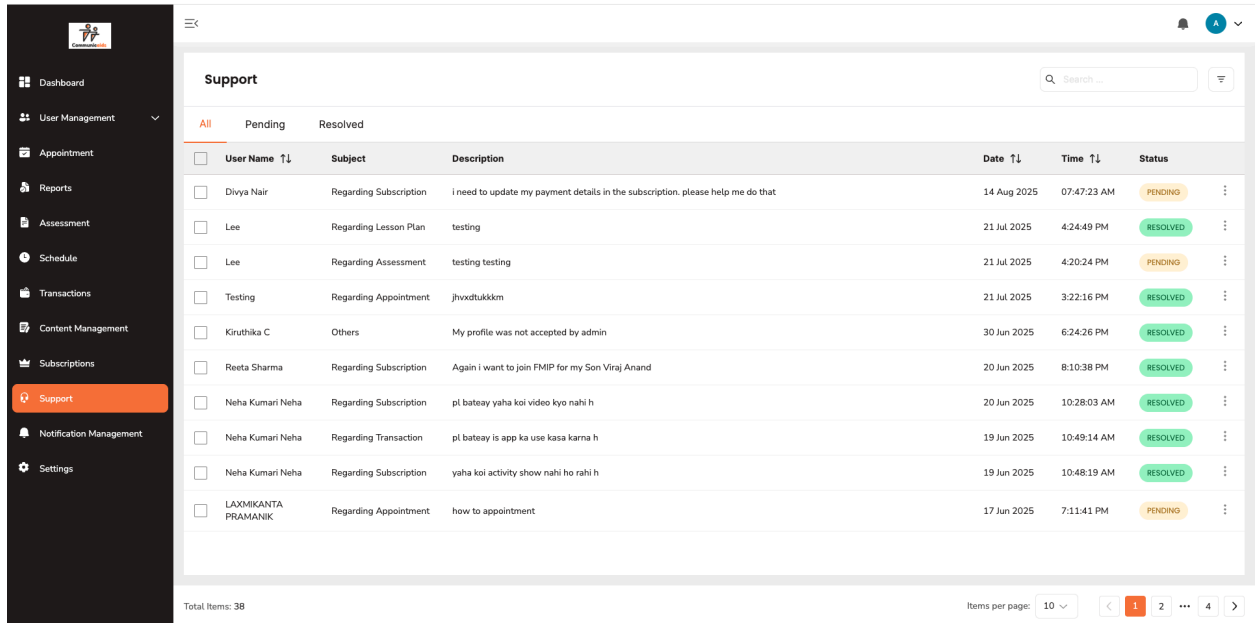

## 12.Support :

- In the Support section, we have three tabs: All, Pending, and Resolved

- Data will be displayed in different tabs based on the status of the support request

The screenshot shows a web application interface. On the left is a dark sidebar with a menu containing: Dashboard, User Management, Appointment, Reports, Assessment, Schedule, Transactions, Content Management, Subscriptions, Support (highlighted in orange), Notification Management, and Settings. The main content area is titled 'Support' and features a search bar and tabs for 'All', 'Pending', and 'Resolved'. Below the tabs is a table with columns: User Name, Subject, Description, Date, Time, and Status. The table contains 10 rows of support requests. At the bottom, it shows 'Total Items: 38' and a pagination control for 'Items per page' set to 10, with page numbers 1, 2, 3, 4, and 5 visible.
